

Service fees and co-pays are due at the time of service.

Service Fees for Self-Pay Patients

Appointments & Walk-ins	Adults	Children
Medical	\$25	\$10
Dental	\$45	\$20

Co-pays: Please check your insurance card for amount.

Adult self-pay patients will receive a \$5 discount when visiting more than one medical clinic in a day. Therefore, a visit to more than one clinic will not exceed \$45 in a given day. For more than one clinic visit including a dental visit, fees will be capped at \$55. Service fees for children are capped at \$20 a day.

In order to receive this discount, you must present a receipt generated at the previous clinic with the same date of service as your appointment. If you have questions about your service fee, please inquire at the front desk.

Note: Service fee includes lab and diagnostic radiology services provided at the time of the medical visit. A \$25 service fee applies to sonograms and ultrasound appointments which are not covered by any other payer source.

Swope Health Services provides a printed receipt for all cash, check or credit card payments. If you did not receive a receipt, please request one.
